Basmati, meaning ‘Queen of Fragrance’ is a variety of long-grain rice, famous for its fragrance and delicate flavor. Basmati rice has been reported in India since the early days of the 19th Century though it may have been named differently. Basmati is a variety of long grain rice which is traditionally from India. Its also called Oryza Sativa. Indian Basmati Rice is one of the famous worldwide for its quality and aroma.

**4** 1509 Basmati Rice

Basmati, the highly aromatic rice is nature’s gift to the Indian sub-continent and it is India’s gift to the whole world. Farmers in the northern parts of the country, at the foot of the Himalayan mountain ranges have been growing this scented rice for centuries. Basmati grown in India, they say, is as great as the land and as old as the civilization itself. The tropical climate and soil prevailing at the foothills of the Himalayas is perfect for Basmati rice cultivation. Basmati from India is a perfect treat for the connoisseurs of sumptuous food, all over the world!

## **5** MAIZE

We export a healthy and nutritious range of yellow maize. It is well-dried and chemical free. It is a yellowish colour grain and is used as food stuff for human being as well as birds and animals food. Maize is a staple crop in some countries. It is free from bacterial and fungal diseases.
